# World Peace Academy

## Suggested topics

In connection with the award event, we want to give voice to those who work for peace in various fields. By learning from each other we can strengthen the agenda to create a culture of peace. This is important for each person, within each family and each community. By succeeding we believe, then we can have peace in the world. Speakers are welcome to address one of these topics in conjunction with their presentation.

### **Session 1. Philosophy of Peace**

What do we mean by Peace? And how does that work with nature and human development? Can nature and science teach us something about peace and co-existence? Can we reconcile justice, freedom and peace?

### **Session 2. Peace and the human mind**

Why are there conflicts? How to overcome depression and anxiety.

### **Session 3. Peace and community**

How to overcome conflicts and promote peace in yourself, your family and your community?

### **Session 4. Peace and sustainable development**

How are peace and sustainable development interconnected?

How a peace agenda is important to save the planet and promote a healthy environment?

### **Session 5. Education for peace and human rights**

How can the education system be improved to promote peace and democracy and give hope to the youth?

### **Session 6. Culture of Peace**

A proactive agenda for Peace. How the arts and culture affect our worldview. Can we define Common purpose and universal values? How can that be implemented in our society?

### **Session 7. Universal Human Values Through Interfaith Dialogue**

Can a dialogue between different religious beliefs contribute to breaking down political barriers?

**Principles for Peace**, and the importance of engaging a spiritual perspective on peace.

**Representatives from different religions share their faith perspective on peace.**

### **Session 8. Democracy & Community development promoting peace**

Representatives from different peace movements share their agenda for peace and how to strengthen democracy and the peace agenda in society.

### **Session 9. The Problem and challenges of the peace agenda**

Open discussion on the role of the peace movements and how to create a constructive agenda for peace. Community development promoting peace

Representatives from different academic fields share their research presentation:

Session on Reflection and Planning for the Future and Open Discussion.

### **Session 10. Religion on Peace**

What can we learn from religious traditions on peace and overcoming hatred?

What can religions contribute to a peaceful world?
